Professional Summary

Motivated and detail-oriented Computer Science graduate with First Class honors. Strong foundational knowledge in Java, SQL, HTML, CSS, JavaScript, and full-stack development. Adept at problem-solving, learning new technologies quickly, and working collaboratively in a team environment. Seeking an entry-level software development or backend developer position to apply and grow my skills in programming and database management.

Technical Skills

Programming Languages: Java, SQL, HTML, CSS, Bootstrap, JavaScript

Database Management: MySQL, SQL Server

Concepts: Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA)

Projects

Gamer's Castle

Built a gaming e-commerce platform using Spring Boot and .NET for the backend and React for the frontend. Implemented RESTful APIs and JWT-based authentication with Spring Security and role-based access control. Developed a PC compatibility checker for hardware validation against game requirements. MySQL used for persistent data storage; integrated Hibernate for ORM.

Tech Stack: Spring Boot, .NET, React, Hibernate, MySQL, Spring Security, JWT

Home Service Booking System

Created a booking platform using Node.js and Express.js with responsive UI in HTML, CSS, Bootstrap. Enabled browsing, scheduling, and managing home services. Managed user, service, and booking data using MySQL for a scalable backend.

Tech Stack: Node.js, Express.js, MySQL, HTML, CSS, Bootstrap

Education

Bachelor of Technology (B.Tech), Computer Science – D.Y. Patil University, Pune – 2024

Diploma in Computer Science – JSPM's RSCOE, Pune – 2022

Secondary School Education – BT Memorial English Medium School – 2017
